

EASYCATALOG

FOR ADOBE® INDESIGN®

RELEASE NOTES

ID	Summary/Description	Component	Milestone	Type	Date
2691	Pagination options are being written to "Open Panels" configuration file	EasyCatalog	Beta	defect	2020-10-14
	Pagination options are being written to "Open Panels" configuration file				
2692	Pagination.xml not being updated when applying a configuration file that contains Pagination Options	EasyCatalog	Beta	defect	2020-10-14
	Pagination.xml not being updated when applying a configuration file that contains Pagination Options				
2690	Crash when outputting HTML where last cell in row contains a colspan	EasyCatalog	Beta	defect	2020-10-13
	Crash when outputting HTML where last cell in row contains a colspan				
2689	Added support for executing startup scripts from workspace folder	EasyCatalog - Scripting Module	Beta	defect	2020-10-12
	Added support for executing startup scripts from workspace folder - add a folder called "Startup Scripts" to the "Scripts" folder at the root level of the workspace folder. Any .jsx files in there will be executed after InDesign has started up (usually at the first idle).				
2686	Added support for GS1-128 barcodes	EasyCatalog	Beta	enhancement	2020-10-05
	Added support for GS1-128 barcodes				
2687	Added support for EAN14 barcodes	EasyCatalog	Beta	enhancement	2020-10-05
	Added support for EAN14 barcodes				
2685	HTML tables not being rendered correctly when cells contain both cell span and row span attributes	EasyCatalog	Beta	defect	2020-10-01
	HTML tables not being rendered correctly when cells contain both cell span and row span attributes. The span is sometimes applied to the wrong cells_ and cell content appears in the wrong cells.				
2684	Added new Pagination Rule "Action": "Keep With Next"	EasyCatalog - Pagination Module	Beta	enhancement	2020-09-23
	Added new Pagination Rule "Action": "Keep With Next". This overrides the "Keep With Next" attribute specified by the regular attribute_ and can be applied selectively based on the result of an action.				
2683	Crash when Updating Formatting Rules	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2020-09-22
	Crash when Updating Formatting Rules_ sometimes depending on the number of Formatting Rules in the document.				
2682	Cosmetic fixes for Information dialog	EasyCatalog	Beta	enhancement	2020-09-21
	Cosmetic fixes for Information dialog - improved spacing between items_ fixed truncation of last synchronisation date				
2681	Image rotation is applied after alignment	EasyCatalog	Beta	defect	2020-09-18
	Image rotation is applied after alignment_ which means images that should be centred in the box are not.				
2680	HTML Parser now removes linefeeds from node content when allow all whitespace is disabled	EasyCatalog	Beta	defect	2020-09-17
2679	Vertical cell merging merging too many cells	Documentation	Beta	defect	2020-09-15
	Vertical cell merging merging too many cells: when populating a table with "No Expansion"_ vertical cell merging does not stop at the first cell where the merging option is set to "None".				
2677	Empty 'some fields were not updated as they are from another data source' error	EasyCatalog	Beta	defect	2020-09-09
	Empty 'some fields were not updated as they are from another data source' error				
2678	Records not being listed in data source order in XREFFIELDLIST	EasyCatalog > Custom Field Commands	Beta	defect	2020-09-09
	Records not being listed in data source order in XREFFIELDLIST. This fix is a general bug that means that records are not always processed by some commands in the order that they appear in the data source.				
2676	Now calls auto page insertion at the end of flow-based pagination	EasyCatalog - Pagination Module > Flow-based	Beta	enhancement	2020-09-08
	Now calls auto page insertion at the end of flow-based pagination to ensure all pages have been inserted				

2673	EasyCatalog for InDesign Server showing incorrect registration status at startup	EasyCatalog	Beta	defect	2020-09-04
	EasyCatalog for InDesign Server showing incorrect registration status at startup				
2674	If EasyCatalog demo has expired when running under InDesign Server_ an error will be output to the error log	EasyCatalog	Beta	enhancement	2020-09-04
	If EasyCatalog demo has expired when running under InDesign Server_ an error will be output to the error log				
2675	Fixes bug in beta version where 'register' couldn't be called	EasyCatalog - Scripting Module	Beta	defect	2020-09-04
	Fixes bug in beta version where 'register' couldn't be called				
2672	Added a new command - IMPORTFILE to load the text content of the given file into a field	EasyCatalog > Custom Field Commands	Beta	enhancement	2020-09-03
2670	Cell Finder now matches key values case insensitively	EasyCatalog	Beta	enhancement	2020-09-02
2671	HTML table containing both a row and cell span in the same cell not applying rowspan	EasyCatalog	Beta	defect	2020-09-02
	HTML table containing both a row and cell span in the same cell not applying rowspan: {{{ <td colspan="2" rowspan="2">abc</td> }}}				
2668	Adopt now tries by removing control characters from links in the document if it fails a direct match on the key	EasyCatalog	Beta	enhancement	2020-08-27
2667	Now looks for categories aswell as catalogue nodes	EasyCatalog - Enterprise > Sales Layer	Beta	enhancement	2020-08-24
2666	Add additional options to script function myEasyCatalog.setVersionPreferences_ new optional params (Versioning Method_ Morph Option and Common Layer Enabled)	EasyCatalog - Scripting Module	Beta	enhancement	2020-08-20
	Add additional options to script function myEasyCatalog.setVersionPreferences_ new optional params (Versioning Method_ Morph Option and Common Layer Enabled)				
2665	Commands DATASOURCE:encryptlua(key) and DATASOURCE:decryptlua(key) to indicate if encryption key is different.	EasyCatalog	Beta	enhancement	2020-08-19
	Commands DATASOURCE:encryptlua(key) and DATASOURCE:decryptlua(key) to indicate if encryption key is different.				
2663	Added "Remove..." button to Table > Filter dialog	EasyCatalog	Beta	enhancement	2020-08-18
	Added "Remove..." button to Table > Filter dialog to remove the filter applied to the table.				
2664	Returning empty data source and key value from XML tag adoption LUA will now insert a field specifier	EasyCatalog	Beta	enhancement	2020-08-18
	Returning empty data source and key value from XML tag adoption LUA will now insert a field specifier				
2661	Not importing data from objects in the JSON_ which means some images are not being imported	EasyCatalog - Enterprise > Salsify	Beta	defect	2020-08-17
	Not importing data from objects in the JSON_ which means some images are not being imported In the attached file_ the images are not being imported.				
2662	Added new Advanced option that will hilight the fields selected in the document	EasyCatalog	Beta	enhancement	2020-08-17
	"Hilight Document Selection" added to show the documents selected fields.				
2658	Added "GROUPSNIPPETWIDTH" custom field command	EasyCatalog > Custom Field Commands	Beta	enhancement	2020-08-14
	Added "GROUPSNIPPETWIDTH" custom field command				
2659	Added "GROUPSNIPPETDIMENSIONS" custom field command	EasyCatalog > Custom Field Commands	Beta	defect	2020-08-14
	Added "GROUPSNIPPETDIMENSIONS" custom field command				
2660	Added "SNIPPETDIMENSIONS" custom field command	EasyCatalog > Custom Field Commands	Beta	enhancement	2020-08-14
	Added "SNIPPETDIMENSIONS" custom field command				
2657	Update Panel > With Page Numbers now uses document's measurement system	EasyCatalog	Beta	defect	2020-08-13

	Update Panel > With Page Numbers now uses document's measurement system rather than mm.				
2656	Interactive PDF export not exporting using the defaults that have been defined	EasyCatalog - Pagination Module > Template	Beta	defect	2020-08-12
	Interactive PDF export not exporting using the defaults that have been defined				
2654	URL (Live) images always being re-imported during "Update Document"	EasyCatalog	Beta	defect	2020-08-11
	URL (Live) images always being re-imported during "Update Document"				
2655	Added 'frame' based versioning to the versions panel	EasyCatalog	Beta	defect	2020-08-11
	Now provides an alternative versioning method that versions based on frames rather than the fields the frames are on. This is currently tied to master based pagination_ which dictates the location of the assets that contain frames and the fields used to determine which asset to use for a slot.				
2653	require new script command to get version slot frames	EasyCatalog - Scripting Module	Beta	enhancement	2020-08-05
	require new script command to get version slot frames_ example: var myEasyCatalog = app.easycatalogObject; var myFrames = myEasyCatalog.getVersionSlotFrames(app.activeDocument_ "0601NYE" _ "002::::2");				
2652	new script command to reorder columns alphabetically_ dv.reorderColumns()	EasyCatalog - Scripting Module	Beta	enhancement	2020-08-04
	required_ new script command to reorder columns alphabetically_ example: dv.reorderColumns()				
2651	History checking activation after every launch	EasyHistory	Beta	defect	2020-08-03
	History checking activation after every launch_ failing if user is not connected to the internet.				
2650	Update Furniture giving different results in beta	EasyCatalog - Pagination Module	Beta	defect	2020-07-31
	Update Furniture giving different results in beta (text boxes are being processed in reverse order).				
2649	Table > Filter... now works on Matrix tables	EasyCatalog	Beta	defect	2020-07-29
	Table > Filter... now works on Matrix tables				
2648	Adopting XML tags using LUA script not working on Windows	EasyCatalog	Beta	defect	2020-07-24
	Adopting XML tags using LUA script not working on Windows				
2646	runLUA method now accepts a file object or filename	EasyCatalog - Scripting Module	Beta	defect	2020-07-23
	runLUA method now accepts a file object or filename. If a filename is provided then the script will be loaded from the data source's "Scripts" folder when calling the method on the DSO object_ or from the Scripts folder in the root of the workspace folder when calling the method on the ECO object.				
2647	executeLUA renamed to runLUA	EasyCatalog - Scripting Module	Beta	defect	2020-07-23
	executeLUA on the DSO object has been renamed to runLUA to match the method name on the ECO object.				
2645	EasyCatalog Apple script 'generate record report' does not recognise 'file type(xml/csv)'	EasyCatalog	Beta	defect	2020-07-21
	EasyCatalog Apple script 'generate record report' does not recognise 'file type(xml/csv)'				
2644	Rule Sets not being populated during guide-based pagination	EasyCatalog - Pagination Module > Guide-based	Beta	defect	2020-07-20
	Rule Sets not being populated during guide-based pagination				
2639	Versions panel now only shows versions relating to the current search criteria	EasyCatalog	Beta	enhancement	2020-07-14
2640	Alt dragging from Formatting Rules Panel	EasyCatalog	Beta	defect	2020-07-14
	Alt - dragging now places the formatting rule when "Populate on Drag And Drop" is enabled. This is consistent with library drag behaviour.				
2641	Left/Right pagination items not being chosen correctly when using flow-based pagination	EasyCatalog - Pagination Module > Flow-based	Beta	defect	2020-07-14
	Left/Right pagination items not being chosen when using flow-based pagination				

2643	Enabled Alt-click in the formatting rules panel for range selection	EasyCatalog	Beta	enhancement	2020-07-14
2638	Record Viewer now remembers previous selection Record Viewer now remembers previous selection settings when hidden and displayed again. Previously it would revert to range	EasyCatalog	Beta	defect	2020-07-10
2637	Added "Apply Swatch to Text Stroke" Pagination Rule Added "Apply Swatch From Field to Text Stroke" Pagination Rule	EasyCatalog - Pagination Module	Beta	enhancement	2020-07-09
2636	Template document path not accepting posix-style paths on Mac Template document path not accepting posix-style paths on Mac	EasyCatalog - Pagination Module > Template	Beta	defect	2020-07-08
2635	Added 'Filter...' menu option to Table menu Added 'Filter..' menu option to Table menu that allows the user to define a filter that is applied to the records being used to populate the table.	EasyCatalog	Beta	enhancement	2020-07-06
2634	"Data Source Templates" folder is now automatically created "Data Source Templates" folder is now automatically created on startup if a new workspace folder is created.	EasyCatalog	Beta	enhancement	2020-07-01
2633	Added support for footnotes in formatted fields Added support for footnotes in formatted fields when using the 'Advanced' Formatted text parser. Include <footnote> tags in the text to automatically create footnotes: {{{ Click here to win<footnote>Terms and Conditions apply</footnote> }}} The content of the footnote can be formatted too by including formatting tags within the <footnote> tag.	EasyCatalog	Beta	enhancement	2020-06-26
2631	Cells not merging vertically when rows are automatically deleted from the table Cells not merging vertically when rows are automatically deleted from the table using the 'delete when empty' row option.	EasyCatalog	Beta	defect	2020-06-23
2632	Image previews not being downloaded in tooltip Image previews not being downloaded in tooltip when "Download Image Previews" advanced preference is set	EasyCatalog	Beta	defect	2020-06-23
2630	Added checkable menu option to book panel "Update" menu: "Update Formatting Rules" Added checkable menu option to book panel "Update" menu: "Update Formatting Rules". This will also update any placed Formatting Rules when updating the books in the document. This option will not update the formatting rules themselves in each document_ use the "Synchronize Formatting Rules" option to achieve this_ then use Update Document.	EasyCatalog - Pagination Module > Formatting Rules	Beta	enhancement	2020-06-22
2628	Added "Frame Width To Content Width" fitting option Added "Frame Width To Content Width" fitting option to the Pagination Rules panel.	EasyCatalog - Pagination Module	Beta	enhancement	2020-06-19
2629	UPCA barcodes are outputting the wrong check digit UPCA barcodes are outputting the wrong check digit when using the "UPCA" barcode type (outputting the barcode using a graphic box).	EasyCatalog	Beta	defect	2020-06-19
2627	Fixed issue persisting Rule Set contents to Interchange format	EasyCatalog	Beta	defect	2020-06-18
2626	Activation modification to show the response received from the server Activation modification to show the response received from the server if HTML is received. This should help users identify whether a web proxy or firewall is intercepting the activation server request.	EasyCatalog	Beta	enhancement	2020-06-17
2622	Modification to user defined parameters to allow options to be automatically added and displayed in a drop down menu. Modification to user defined parameters to allow options to be automatically added and displayed in a drop down menu. SELECT * from images where path = '{{PATH: [[SELECT DISTINCT(path) from images]]}}'	EasyCatalog	Beta	enhancement	2020-06-15
2623	Added getstyle() to the CELL object	EasyCatalog - LUA Commands	Beta	defect	2020-06-15
2624	fieldContent now returns a string version for tabular field types	EasyCatalog - Scripting Module	Beta	enhancement	2020-06-15

2625	DSV - insertViewSelection take an insertion point_ which is not used.	EasyCatalog - Scripting Module	Beta	defect	2020-06-15
	Text would not be inserted as specified via the insertion point_ it would be inserted at the current cursor location.				
2620	Crash when synchronizing with data source	EasyCatalog	Beta	defect	2020-06-10
	Crash when synchronizing with data source if "Multiple Users Share This Workspace" is on and the configuration has changed so that there are fewer fields in the Fields.xml configuration file than the local snapshot.				
2621	FIelds are not always correctly inserted into table cells	EasyCatalog	Beta	defect	2020-06-10
	Fields are not always correctly inserted into table cells - sometimes the end marker can be missing				
2619	require LINK.delete(deleteLinks); and EC panel menu 'Delete all links' to execute external script	EasyCatalog	Beta	enhancement	2020-06-04
	require LINK.delete(deleteLinks); and EC panel menu 'Delete all links' to execute external script				
2617	UPCA barcode type field option being lost when data source is closed and re-opened	EasyCatalog	Beta	defect	2020-05-28
	UPCA barcode type field option being lost when data source is closed and re-opened				
2618	Fixed issue with the Enhanced HTML parser that would cause a crash when "Embed Tags In Conditional" text was enabled	EasyCatalog	Beta	defect	2020-05-28
2615	Added 'Apply Swatch to Text From Field" Pagination Rule	EasyCatalog - Pagination Module	Beta	enhancement	2020-05-27
	Added 'Apply Swatch to Text From Field" Pagination Rule				
2616	Cancel button on Master Pages pagination progress bar not working	EasyCatalog - Pagination Module > Master	Beta	defect	2020-05-27
	Cancel button on Master Pages pagination progress bar not working				
2613	Add right click 'copy field name' menu option.	EasyCatalog	Beta	enhancement	2020-05-26
	Add right click 'copy field name' menu option.				
2614	Images not always showing as 'updated' when changed at source	ImageLink	Beta	defect	2020-05-26
	Images not always showing as 'updated' when changed at source				
2612	Added scripting calls to export and import an offline activation file	EasyCatalog	Beta	defect	2020-05-21
	Added scripting calls to export and import an offline activation file: {{{ app.easycatalogObject.exportOfflineActivationFile("ECSR000-0000-0000-0000-0000-0000" _ File("~/Documents/Server.lic")); }}} {{{ app.easycatalogObject.importOfflineActivationFile(File("~/Documents/Server.lic")); }}}				
2611	Improvements to panel responsiveness	ImageLink	Beta	enhancement	2020-05-20
	Improvements to panel responsiveness: * Only thumbnails currently visible in the panel will be requested from the server * Changing folders in the folder browser will cancel pending thumbnail requests				
2610	Enhanced logging when 'Multiple Users Share this Workspace' is on	EasyCatalog	Beta	enhancement	2020-05-18
	Enhanced logging when 'Multiple Users Share this Workspace' is on - a log file containing the user's computer name will be created instead of logging directly into "EasyCatalog Log.txt" to prevent multiple users logging to the same file at the same time.				
2609	URL(Live) would not correctly evaluate expressions in the location field option	EasyCatalog	Beta	defect	2020-05-12
2608	Crashing after pagination if template document opened before pagination	EasyCatalog - Pagination Module > Template	Beta	defect	2020-05-11
	Crashing after pagination if template document opened before pagination				
2607	Added a nw fitting option to the tag_ fitting = "contentaware"	EasyCatalog	Beta	enhancement	2020-04-30
2605	The versions panel add 'adopt fields->all and adopt fields->current layer' operations	EasyCatalog	Beta	enhancement	2020-04-29
	The versions panel add 'adopt fields->all and adopt fields->current layer' operations				
2606	Auto Pickup showing wrong error message	EasyCatalog	Beta	defect	2020-04-29

	Auto Pickup showing wrong error message: showing 'no fields specified' instead of the 'key fields not specified' error				
2604	Add lua getactivedocname() and getdocname() methods to document object	EasyCatalog	Beta	enhancement	2020-04-28
	Add lua getactivedocname() and getdocname() methods to document object				
2603	Various enhancements to improve data manipulation	EasyCatalog	Beta	defect	2020-04-27
	Added support for 'createcontent.lua' To support this_ new commands have been added to the RECORDSET object addfield addrecord removefield renamefield				
2602	Some images are being imported and immediately shown as 'in error'	Documentation	Beta	defect	2020-04-24
	Some images are being imported and immediately shown as 'in error'_ such as URL(Live) images and barcodes.				
2595	Allow formatting rules to be re-ordered via drag & drop.	EasyCatalog	Beta	defect	2020-04-20
	Allow formatting rules to be re-ordered via drag & drop.				
2596	Export/import version preferences set default folder location as 'Documents'.	EasyCatalog	Beta	defect	2020-04-20
	Export/import version preferences set default folder location as 'Documents'.				
2594	create new LUA method base64encode(s)	EasyCatalog	Beta	defect	2020-04-16
	create new LUA method base64encode(s)				
2592	New EasyCatalog scripting object method setVersionPreferences	EasyCatalog	Beta	defect	2020-04-14
	EasyCatalog scripting object_ add setVersionPreferences(document_ version_field_ match_fields_ base_version_name_ ignore_versions); ec.setVersionPreferences(app.activeDocument_ "t_Version" _ "t_PageNumber_cn_BoxNumber" _ "Common" _ "");				
2593	Add new method obj.setVersionDatasource(doc_ datasource);	EasyCatalog	Beta	defect	2020-04-14
	EasyCatalog object for scripting_ add new method obj.setVersionDatasource(doc_ datasource);				
2591	Add right click option for data panel_ 'Sort by Appearance'_ sort columns by appearance script content.	EasyCatalog	Beta	defect	2020-04-09
	Add right click option for data panel_ 'Sort by Appearance'_ sort columns by appearance script content.				
2589	added CELL.getwidth and CELL.copyformatting methods	EasyCatalog - LUA Commands	Beta	enhancement	2020-04-08
2590	tabular fields now ignore whitespace when checking updates	EasyCatalog	Beta	defect	2020-04-08
2588	Versions palette requires horizontal scroll bars	EasyCatalog	Beta	defect	2020-04-01
	Add horizontal scroll bars to ECAT Versions palette				
2587	DATASOURCE.getoption now retrieves data source settings	EasyCatalog	Beta	enhancement	2020-03-31
2586	Versioning now supports linked text frames	EasyCatalog	Beta	enhancement	2020-03-30
2584	Data providers are being reported as 'unavailable' when using BeginSession/EndSession on Server	EasyCatalog - Scripting Module	Beta	defect	2020-03-26
	Data providers are being reported as 'unavailable' when using BeginSession/EndSession on Server				
2585	Create Merged Document bug fixes	EasyCatalog	Beta	defect	2020-03-26
	Sometimes section starts would be remove incorrectly during pagination				
2583	"Repeat" items are not always being inserted	EasyCatalog - Pagination Module > Guide-based	Beta	defect	2020-03-25
	"Repeat" items are not always being inserted				
2582	Position based Pagination Incorrect positioning	EasyCatalog	Beta	defect	2020-03-24
	Frame wrapping could sometimes case incorrect positioning of objects.				
2581	[LITE] URL-based images are now automatically downloaded when using	EasyCatalog	Beta	defect	2020-

	"Synchronize with Data Source"				03-23
	[LITE] URL-based images are now automatically downloaded when using "Synchronize with Data Source"				
2580	[Lite] Images are not being downloaded from URL before "Create Merged Document"	EasyCatalog	Beta	defect	2020-03-20
	[Lite] Images are not being downloaded from URL before "Create Merged Document"				
2578	Guide-based pagination sometimes incorrect resizes text	EasyCatalog - Pagination Module > Guide-based	Beta	defect	2020-03-18
	Guide-based pagination sometimes incorrect resizes text if some of the boxes in the Product Style have text wrap applied.				
2579	"Asset Name" option is now case insensitive	EasyCatalog - Pagination Module	Beta	enhancement	2020-03-18
	"Asset Name" option is now case insensitive				
2577	Truncate Pages without fields sometimes deleting too many pages	EasyCatalog - Pagination Module > Template	Beta	defect	2020-03-17
	"Truncate Pages without fields" sometimes deleting too many pages. This can occur on single page spreads: one too many spreads are deleted from the document.				
2576	GROUPMIN/GROUPMAX will now output an empty value if 'ignore empty fields' is on and all fields in the group are empty	EasyCatalog > Custom Field Commands	Beta	enhancement	2020-03-16
	GROUPMIN/GROUPMAX will now output an empty value if 'ignore empty fields' is on and all fields in the group are empty				
2574	Increased number of spreadsheets available for selection to 1000	EasyCatalog - File Data Provider > Google Sheets	Beta	enhancement	2020-03-09
	Increased number of spreadsheets available for selection to 1000 (previous limit was 100).				
2575	Added support for Alt-clicking on filter button	EasyCatalog - Relational Module	Beta	enhancement	2020-03-09
	Added support for Alt-clicking on filter button to "Show All"				
2572	Lua cell enhancements	EasyCatalog	Beta	enhancement	2020-03-05
	Added colspan_ rowspan and setscriptlabel methods.				
2573	FIELDSTR can now be passed {{KEY}} to return a records key field value	EasyCatalog	Beta	enhancement	2020-03-05
2570	Fields in page Furniture are being ignored when using Update Panel > With Page Numbers	EasyCatalog	Beta	defect	2020-03-03
	Fields in page furniture are being ignored when using Update Panel > With Page Numbers				
2571	Support for encrypted data source templates	EasyCatalog	Beta	enhancement	2020-03-03
2569	new tag_ fitting added to allow "frametocontent"	EasyCatalog	Beta	defect	2020-03-02
2565	ROUNDVAL is rounding negative values to positive ones	EasyCatalog > Custom Field Commands	Beta	defect	2020-02-26
	ROUNDVAL is rounding negative values to positive ones.				
2566	Added "clippingpath" attribute to an tag so the "photoshop" clipping path can be specified.	EasyCatalog	Beta	enhancement	2020-02-26
2564	Cells not merging when table is inside of a non-Grow and Flow text box	EasyCatalog - Pagination Module > Guide-based	Beta	defect	2020-02-25
	Cells not merging when table is inside of a non-Grow and Flow text box				
2559	List of spreadsheets are not sorted into alphabetical order	EasyCatalog - File Data Provider > Google Sheets	Beta	defect	2020-02-24
	List of spreadsheets are not sorted into alphabetical order				
2560	"Internal Server Error" when attempting to get list of channels	EasyCatalog - Enterprise > Salsify	Beta	defect	2020-02-24
	"Internal Server Error" when attempting to get list of channels				
2561	Master pages pagination paginating positions that are on locked layers	EasyCatalog - Pagination Module > Master	Beta	defect	2020-02-24
	Master pages pagination paginating positions that are on locked layers				
2562	document:getpagepositions not including picture boxes	EasyCatalog	Beta	defect	2020-

	table = document:getpagepositions(thisdatasource_ 'all'_ 'any'_ 'page'_ "cm"; bug only includes text frame_ picture frames are excluded.				02-24
2563	[Marketer's Studio]Space usage report sometimes truncated [Marketer's Studio]Space usage report sometimes truncated	EasyCatalog	Beta	defect	2020-02-24
2554	Circular Dependencies not being shown in panel Custom field circular dependencies are not being shown in panel	EasyCatalog	Beta	defect	2020-02-21
2555	Right click > Copy option does not copy custom field error to the clipboard Right click > Copy option does not copy custom field error to the clipboard	EasyCatalog	Beta	defect	2020-02-21
2556	Added new custom field dependency checking Added new custom field dependency checking which gives a more indepth error message showing the path the custom field parser took through the fields before hitting the circular dependency. Users can switch back to the old dependency checker by turning off the "Enhanced Dependency Checking" advanced preference.	EasyCatalog	Beta	enhancement	2020-02-21
2557	Added support for GS1 Data Matrix barcodes Added support for GS1 Data Matrix barcodes: prefix the data to be encoded with a tilde (~) character.	EasyCatalog	Beta	enhancement	2020-02-21
2553	Enhancements to TEXT.inserthyperlink Now can support page or url based hyperlinks and specify a hyperlink legend	EasyCatalog - LUA Commands	Beta	enhancement	2020-02-20
2551	Hyperlinks now work if the destination page number contains whitespace	EasyCatalog	Beta	enhancement	2020-02-18
2552	add a new command to allow Lua to set how a tabular field table updates table:setupdate("recreate" or "update") to allows specification of the Table->Table Options.	EasyCatalog - LUA Commands	Beta	defect	2020-02-18
2550	Rounding errors during Guide-based pagination Rounding errors during Guide-based pagination which causes some positions to be skipped or pagination to continue on the next page when space is still available.	EasyCatalog - Pagination Module > Guide-based	Beta	defect	2020-02-17
2549	Fixes potential crash when using tables within tables_ and the anchored table is the first character in a cell Fixes potential crash when using tables within tables_ and the anchored table is the first character in a cell. This was reported as a crash in Remove Field Markers_ although it could affect the CELLSTR command and Update Document.	EasyCatalog	Beta	defect	2020-02-14
2548	Modification to Offline Activation dialog Modification to Offline Activation dialog to take user to web page to activate. Also added validation to prevent .lic file from being generated when no serial numbers have been entered.	EasyCatalog	Beta	enhancement	2020-02-13
2547	Snippet pagination is placing all boxes on to a single layer Snippet pagination (#2529) is placing all boxes on to a single layer_ rather than remembering the layer each box was placed on.	EasyCatalog - Pagination Module	Beta	defect	2020-02-06
2545	DATASOURCE getoption now works for XML based data sources	EasyCatalog - LUA Commands	Beta	enhancement	2020-01-31
2546	Furniture frames that have been overridden and then deleted are being overridden again Furniture frames that have been overridden and then deleted are being overridden again_ even when the user opts not to remove the overrides.	EasyCatalog - Pagination Module	Beta	defect	2020-01-31
2544	Added updateDocumentSelection to the easycatalogObject Added updateDocumentSelection to the easycatalogObject. This version of the method updates fields across all data sources in the document selection. As InDesign Server doesn't have the concept of a 'selection'_ this method is only of value to scripting in the desktop version of InDesign.	EasyCatalog - Scripting Module	Beta	enhancement	2020-01-30
2540	Added a "Preprocessing" field option Fields can now be pre-processed before regular formatting is applied. Built in preprocessing engines allow the parsing of JSON field content using either Mustache_ Lua or JMESPath.	EasyCatalog	Beta	defect	2020-01-29

2541	Formatting Rules panel crashing if Rule Sets contain Rules that no longer exists	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2020-01-29
	Formatting Rules panel crashing if Rule Sets contain Rules that no longer exists. This should never happen in reality_ but has been found in some documents.				
2542	Missing Formatting Rules should be removed from Rule Sets when importing via IDML	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2020-01-29
	Missing Formatting Rules should be removed from Rule Sets when importing via IDML				
2543	Added updateDocumentSelection to the datasource object	EasyCatalog - Scripting Module	Beta	enhancement	2020-01-29
	Added updateDocumentSelection to the datasource object to update the fields in the document selection. As InDesign Server doesn't have the concept of a 'selection'_ this method is only of value to scripting in the desktop version of InDesign.				
2537	'Missing' image not being imported when URL(Live) image cannot be imported	EasyCatalog	Beta	defect	2020-01-28
	'Missing' image not being imported when URL(Live) image cannot be imported				
2538	Crash when exporting Formatting Rules to IDML document	EasyCatalog	Beta	defect	2020-01-28
	Crash when exporting Formatting Rules to IDML document if the Rules have somehow been deleted from the document. This will only occur when there's mismatch of what the plug-ins are expecting to be in the Formatting Rules list and what's actually still there.				
2536	URLs containing non-Latin characters are not being downloaded	EasyCatalog	Beta	defect	2020-01-24
	URLs containing non-Latin characters are not being downloaded when using the URL(Live) Picture Content option.				
2532	Error message after Positional Pagination missing	EasyCatalog - Pagination Module > Positional	Beta	defect	2020-01-21
	Error message after Positional Pagination missing: if there are no items to paginate_ the "Pagination could not start because there were no library items" message is not displayed.				
2533	Added support for saving get contents to a file using HTTP.get()	EasyCatalog	Beta	enhancement	2020-01-21
2534	The activation files '.lic' and '.elic' will now use the user's machine name as their default names	EasyCatalog	Beta	enhancement	2020-01-21
	The activation files '.lic' and '.elic' will now use the user's machine name as their default names				
2535	Snippet Folder can now contain aliases to snippet files	EasyCatalog - Pagination Module	Beta	enhancement	2020-01-21
	Snippet Folder can now contain aliases to snippet files. See #2529				
2530	Startup About dialog now only appears when all modules are unregistered	EasyCatalog	Beta	enhancement	2020-01-17
2531	Replacing content in a cell can sometime affect the adjacent cell	EasyCatalog	Beta	defect	2020-01-17
	If all of the text is selected in a cell and the user inserts a field_ sometimes the field content ends up in the adjacent cell. This is the case when our table attribute character has somehow moved to the end of the table cell's text.				
2529	Added "Snippet Folder" to option to Pagination dilaog	EasyCatalog - Pagination Module	Beta	enhancement	2020-01-16
	Added a new option the Paginate dialog to allow the user to select a folder containing .idms Snippet files. All snippet files in this folder will be available for pagination in the same way as a pagination library. Pagination Rules should still be applied to the boxes before creating the snippet files.				
2528	New feature for Salsify data provider to process JSON via lua script.	EasyCatalog - Enterprise > Salsify	Beta	defect	2020-01-15
	New feature for Salsify data provider to process JSON via lua script. If channel name script exists then the lua script will be called_ otherwise existing process will be executed.				
2527	Added new button to the Versions panel	EasyCatalog	Beta	defect	2020-01-13
	Added a paginate button to the versions panel that paginates the selected items using the current pagination settings. If the item is already paginated_ then it is repositioned on the page to where it would be paginated.				
2523	lua command to get page positions via DOCUMENT object	EasyCatalog	Beta	defect	2020-01-10
	lua command to get page positions via DOCUMENT object				

2524	lua command to export ECHTMLTable as Excel	EasyCatalog	Beta	defect	2020-01-10
	lua command to export ECHTMLTable as Excel				
2525	Post processing of Formatting Rules now supports flows based pagination	EasyCatalog	Beta	defect	2020-01-10
2526	Offline-activated licenses are sometimes attempting to re-activate on the server	EasyCatalog	Beta	defect	2020-01-10
	Offline-activated licenses are sometimes attempting to re-activate on the server				
2521	loadFieldDefinitions now takes either a full path or a File object	EasyCatalog - Scripting Module	Beta	enhancement	2020-01-07
2520	Enhancements to Master Based Pagination	EasyCatalog	Beta	enhancement	2020-01-06
	Added an option to "Override and Detach" items during pagination do the link the master item is broken. Improvements to the handling on Unused positions				
2519	Formatting Rules adornments are re-shown after editing a Formatting Rule	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2019-12-20
	Formatting Rules adornments are being re-shown after editing a Formatting Rule if they have previously been hidden				
2516	Formatting Rules should not be updated on master pages	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2019-12-18
	Formatting Rules should not be updated on master pages during "Update Document > All" operation as this can result in master page items being replaced_ which will affect any pages where the items have already been overridden.				
2518	Versions panel now reflects the document selection into the panel	EasyCatalog	Beta	enhancement	2019-12-18
2515	LUA 'post' now accepts HTTP header table as third parameter	EasyCatalog - LUA Commands	Beta	enhancement	2019-12-17
	LUA 'post' now accepts HTTP header table as third parameter				
2511	createformattedcontent.lua now allows access to all Lua objects and methods.	EasyCatalog	Beta	enhancement	2019-12-16
2512	Formatting Rules are replaced before master pages pagination	EasyCatalog - Pagination Module > Master	Beta	defect	2019-12-16
	Formatting Rules are updated before master pages pagination if the positions have previously been populated with data or the Formatting Rule has changed.				
2513	Pagination Rules are not preserved when updating Formatting Rules	EasyCatalog - Pagination Module > Formatting Rules	Beta	defect	2019-12-16
	Pagination Rules_ such as Position Index_ are not preserved when updating Formatting Rules				
2510	Added a new method of the FRAME object - fitframetocontent	EasyCatalog - LUA Commands	Beta	defect	2019-12-11
2508	Rationalise methods for object positioning on the FORMATTINGRULE object	EasyCatalog - LUA Commands	Beta	enhancement	2019-12-10
	align_alignededges and arrange now have added flexibility in the ability to take a table of fames or a table of groups of frames. Deprecetated older functions as these are now consistent and simpler to use.				
2509	Removed limit of 80 characters in the filter dialogs	EasyCatalog	Beta	defect	2019-12-10
2506	FORMATTING rule object enhancements	EasyCatalog - LUA Commands	Beta	enhancement	2019-12-06
	Deprecated positionframes in favour of a new function "packintorows" which is more versatile				
2507	FIELD.get() now returns an empty table if there is no content in a HTML derived tabular field	EasyCatalog	Beta	defect	2019-12-06
2504	Numeric fields with emtpy values are not grouping and sorting correctly in the panel	EasyCatalog	Beta	defect	2019-12-04
	Numeric fields with empty values are not grouping and sorting correctly in the panel - for example_ grouping by field that contains: {empty}_0_1 can result in the records containing an empty value being randomly interspersed with the records containing 0.				
2505	Issue with the Matrix Table dialog causing the application of invalid setting	EasyCatalog	Beta	defect	2019-12-04
2503	Added the ability to "Ignore Versions" to the Versions Panel	EasyCatalog	Beta	enhancement	2019-

					12-03
2502	Dragging a single record to a page item now ignores the "Position Index" pagination rule	EasyCatalog	Beta	enhancement	2019-12-02
2500	"Unable to parse range "myrange!1:999" errors when specifying ranges When selecting a pre-defined range_ sometimes the user will see an error message stating that the specified range is invalid.	EasyCatalog - File Data Provider > Google Sheets	Beta	defect	2019-11-28
2501	Too many columns being returned when a range is specified Too many columns are being returned if a pre-defined range is selected. For example_ if the range specifies that columns A:D should be returned_ A:E are shown in EasyCatalog.	EasyCatalog - File Data Provider > Google Sheets	Beta	defect	2019-11-28
2499	Fixed crash showing previews in the Versions panel	EasyCatalog	Beta	defect	2019-11-26
2496	Field names containing colons cannot be referenced in group or sort paths Field names containing colons cannot be referenced in group or sort paths. Modification required to escape them by doubling them up -- e.g. the field {{{ attributes::size }}} would be referenced using: {{{ attributes:::size }}}	EasyCatalog > Custom Field Commands	Beta	defect	2019-11-25
2497	FRAME:moveto would fail for frames acquired from a FORMATTINGRULE	EasyCatalog - LUA Commands	Beta	defect	2019-11-25
2498	Enhancements to img src tags if the scheme of an image is echttp or echttps then the image will be placed as a Live URL link in 2020 and above.	EasyCatalog	Beta	enhancement	2019-11-25
2494	inserthttpimage now applies the correct autofit options	EasyCatalog - LUA Commands	Beta	enhancement	2019-11-22
2491	"Apply Swatch Named In" is not accepting CMYK values "Apply Swatch Named In" is not accepting CMYK values in the form: cNNNmNNNyNNNkNNN e.g. c100m100y0k0	EasyCatalog	Beta	defect	2019-11-20
2492	"Hide Empty Fields" should be "Hide Empty Columns" "Hide Empty Fields" should be "Hide Empty Columns"	EasyCatalog	Beta	defect	2019-11-20
2493	"Unknown Server license" error appearing in Server error log "Unknown Server license" error appearing in Server error log	EasyCatalog	Beta	defect	2019-11-20
2490	Added distinctbodyrows to the TABLE object	EasyCatalog - LUA Commands	Beta	enhancement	2019-11-18
2486	Update Panel with Page Numbers and Update Panel With Page Positions fail if there is a significant number of documents in the book Update Panel with Page Numbers and Update Panel With Page Positions fail if there is a significant number of documents in the book. These two options now close each book document after they have been processed.	EasyCatalog	Beta	defect	2019-11-15
2487	Progress bar does not always reflect amount of work already completed Progress bar does not always reflect amount of work already completed - i.e. it can move slower than it should when processing large stories_ and faster than it should when processing small stories.	EasyCatalog	Beta	defect	2019-11-15
2488	The Apply Swatch pagination rules don't always find the default swatches The Apply Swatch pagination rules don't always find the default swatches such as '[Black]' and '[Paper]'.	EasyCatalog - Pagination Module	Beta	defect	2019-11-15
2489	The Apply Swatch pagination rules option is case sensitive The Apply Swatch pagination rules option is case sensitive - e.g. it won't find 'black' when there's a 'Black' swatch.	EasyCatalog - Pagination Module	Beta	defect	2019-11-15
2485	added removeCustomField to the Datasource object Added ability to remove a custom field	EasyCatalog - Scripting Module	Beta	enhancement	2019-11-14
2484	HTTP.get now accepts an optional headers parameter	EasyCatalog - LUA Commands	Beta	defect	2019-11-12

2483	Added new update option for tabular fields.	EasyCatalog	Beta	enhancement	2019-11-11
	A new "Rebuild From Formatting Rule" option has been added to Table->Table Options. This allows the table to be rebuild using the contents of a Formatting Rule.				
2482	Changed the maximum image preview size from 255x255 to 500x500	EasyCatalog	Beta	enhancement	2019-11-08
